8" HD IPS Customer Display**

**WiFi + 4G + Bluetooth + Ethernet**

**Integrated high-speed (150 mm/s),  
thermal printer with automatic  
paper cutting**

**Built-in GPS**

**Multiple Port Peripherals**

### Featuring the Countertop SmartPOS E800 Android Terminal...

The E800 is ideal for fashion & hospitality merchants requiring a more cost efficient and space saving solution. Data input by staff is easier on this large tablet color touchscreen, while the opposite is a bright customer facing display and integrated payment acceptance module.

An inbuilt camera and router enable barcode & QR code scanning as well as a WiFi hotspot service, while the base unit houses a printer with automatic receipt cutter and multiple ports for connecting peripheral hardware.

A merchant's total cost of ownership is drastically reduced when using the E800. Improve and modernize your checkout areas by replacing old fashioned cash register equipment with one of the stylish E-Series workstations from PAX Technology.

This terminal comes coupled with Take Charge's revolutionary processing solutions and more.
